A moment of stillness

Lights out

Lights on

On the right side:

A doctors laboratorium

A doctor in full hospital uniform with a stethoscope around his neck

In the back there is a blackboard

doctor

so

vagina

what is it

vag

vague

in

A

vague in A

oh, I see

it is vague

it is in

there is two in

other is popular

and

oh, it’s Alpha

but why is it vague

it power

all men bow down to it and

oh time to pray

He puts his stethoscope on the table and takes his rosary

And starts to pray

He sits on the ground on a carpet he lays forth

I shall not be tempted

yeah

ooohhh

Hail Mary full of grace

the Lord is with thee

blessed art thou among women

and blessed art the fruits of womb, Jesus

holy Mary mother of God

pray for us sinners, now and at the hour of our death

amen

Hail Mary full of grace

the Lord is with thee

blessed art thou among women

and blessed art the fruits of womb, Jesus

holy Mary mother of God

pray for us sinners, now and at the hour of our death

amen

Hail Mary full of grace

the Lord is with thee

blessed art thou among women

and blessed art the fruits of womb, Jesus

holy Mary mother of God

pray for us sinners, now and at the hour of our death

amen

Hail Mary full of grace

the Lord is with thee

blessed art thou among women

and blessed art the fruits of womb, Jesus

holy Mary mother of God

Telephone rings

He gets up and answers

yes hello

oh yes, yes

I am doing my utmost in this matter

well, excuse me monsieur

You just hired me yesterday

I know it’s hard

yes

well women have their way

just resist temptation

pray

yes I understand it’s hard

ahh, what are you saying man

pray the rosary

get a praying rope yes a rosary

and count every nob on them for each time you pray

yes imagine the woman that is sexy

she is the mother of Jesus like child and pray to her

yes Hail Mary

I do ten

I don’t do the hole rope

five

no you won’t manage on five

yes yes I will

just if you have to take a shower

and you understand

no one sees you in the shower because your naked

so if you don’t want to be naked , don’t shower

He hangs up

ahh.

so any way

vagina

vague in Alpha

it’s Alpha, that I knew

and it’s in

well the bleeding obvious

oh, bad choice of words

oh, crap

but vague

how is it vague

I mean it’s great and we want to go, ba habana

ok

He picks up a small case from the table and takes some pills

good good

now

how is this Alpha vague

it is Alpha

it is the leader

it is not female, and it is not male

it is simply human

homo

ahh homosexual

hmm

Takes some notes

Wait a minute

what if

Runs around from desk to table and then to the blackboard

Writes : ‘ Alpha’. ‘ Popular’ , ‘ vague’

every want to be her

or him

hmm

no I think I the Alpha is the female part

the vague is the male

hmm

that of course it would be interesting to have one

but why is it hollow

what is the main purpose

….The reason it is hollow is …..

….is, Ahhhhh, I got it

it lends form others

it’s a modern man

a Christian man

now I am a little bit afraid of what will happen to me if I came out with this

it’s lent

but what is it lent from

from the day we are born we have this and we borrow to learn

something that is connected to others forever

where there can be no divide

well philosophical white shadow

I bet people in creation come to the world with a vagina

and that's king

to resist temptation of greatness, when they know it's lent
to resist temptation of greatness , yes they are too young

but Lord know when we are young in that beginning

we live by God, we haven't become corrupt yet

and all this death and darkness that has occurred

the be au vagina will learn in the beginning in creation

to learn all these lessons that we had so long of courtesy, religion

the police, the doctors Yes, the doctors all we discovered, the lawyers and the juridical system

the schools and teachers and last but not least

the priests and church

they need to Catch Up and the holy vigina

but wait

wait wait wait, the holy vagina is evolution

and Mankind is student in the beginning

to learn from all those YES

all those he lent their shadow

but of course it's not shadow

it the essence of man is in the tail

yes his tail

their shadow, no

that is totally wrong totally

I did not say that

wrong wrong wrong

behaviour

yesss, of course the monkey

homo erect us we reach

we are all Neanderthals at this points

kings and sex and alcohol and drugs

a sport

God, When will humanity be free from this Neanderthal reality

Jesus Christ

Lord forgive me

ahh

it’s vague, it’s borrowed

so if I take from all

I can not rise that high

I must learn from the masters and show respect and in the end functionality

and then what

what

what

a banana

impossible that is the answer

that’s fallen

ahh crap

Telephone rings again

hello

yes yes

I’m have found something

we might have found a cure for everything

it’s about random education

I’ll be right there

just

you what

no resist

resist

say no to here

no listen this doesn’t end well

500 women

are you mad

8 hours

you’re insane

resist

yes I found the answer

every vagina wants to learn something from you

yes yes

you do it with respect

it’s not for sex

just go take a shower

I’ll be right there

He takes the praying rope , and the small praying carpet
And throws them into the trash

Exit doctor

Light out

Lights on

On the right side

Commoner is making his own picnic

jack

it’s the prince I knew it

they came here once , when we were three

but we were at summer camp

admiral

it was arranged such

no matter

no I want you to be at your best behaviour

it’s the king and the crown prince

the prince has been depressed since the now would’ve been queen did pass on

so it is a bit sensitive

just be at your best

and your mother couldn’t come

isn’t there a way to arrange something here

admiral

now, my boy you are grown up

I’ll try to talk to him

that country belongs to the realms

we can’t quite make a kingship there

You just have to come to town

admiral

oh, well it’s an honor sir

I really like it here

and my boys are studying as we speak

in university

and there’s a lot of temptation in the capital

king

yes, dear cousin I know

it lies on the border of two countries

admiral

yes it does

king

the boy has no idea

the father was a commoner

now you get to it my man

and well make sure you get that thing you liked

and You understand
A spider threads his web and
what he actually is doing
is building himself a heart

now the spider is the shadow of a living soul in darkness discovered
far before it's born Ito this world
and the spider wants to die , to be reborn and enjoy his self made heart
Hence; the shadow must die in order for the Master to come to Life

a shadow, see; always bows down to his master
and thus a Star is born

good my son
good my son

good man

They go to the back to the table and feast

Some chitter chatter
And Jeeves stands there next to the stairs
